## UNDERSTANDING & USING THIS ORDER FORM:

(PC) **PRICE CODES** are based on our our Suggested Selling Prices. You can put our Price Code Stickers on your gifts (in an inconspicuous spot), and give your cashiers our FREE Price Code Sticker Chart (which shows the sticker number and its corresponding selling price), so that when the students bring their gifts to ring out, the cashier can easily check out the students. For example: If a student comes up with a gift that has a Price Code Sticker of 14, the cashier will charge \$6.50 for that gift. You may create your own stickers using our blank Price Code Sticker sheets or we offer them preprinted with varying sticker values on the sheets (see the list below).

(SUGG QTY) **SUGGESTED ORDER QUANTITY** is the amount of items we recommend you order for a typical elementary school of 500 students. You may wish to increase or decrease the quantities or select additional or different items based on your area, experience or opinion. We will appreciate your feedback and questions.

(ORD QTY) **ORDER QUANTITY** is where you fill in the quantity you wish to purchase based on the unit of measure and minimum packing quantity shown.

(MIN PACK) **MINIMUM PACK** is our stocking quantity. You may only order and return items in multiples of this quantity. For example, C85/1988 Acrylic Fuzzy Pens on pg 4 have a MIN PACK of 2 DZ, so you may only order and return them in multiples of 2 dz. i.e. 4, 6, etc..

(YOUR COST) **YOUR COST** is the price you pay for your gifts.
