

## DO-IT YOURSELF CARNIVAL GAME IDEA LIST '16

Game instruction sheets are available upon request on some games - they include:  
How to set up games, Rules, Tips, Prize price points and Suggested quantity to buy.

Let your imagination be your inspiration for your games at your picnic. You can create a limitless variety of fun activities and make them more fun by awarding fun prizes and or awards. The prizes are the easy part of the equation and where we shine. We hope you can come in and visit our showroom. If you or your committee cannot personally come in, please use our catalog and web site to pick fun stuff for the kids, young and old.

If you are in the St. Louis area check out our rental games for your picnic. We have a wide variety of skill games and games of chance. Take your pick. If you visit our showroom between January 15 and April 15 or June 20 through August 30, you will be able to see our games set up in our downstairs showroom. If you can't make it in when the Game Showroom is set up, you can always look at our photo album with pictures of all the games.

If you are not in the local area, or do not want to rent games, the following information may give you ideas for your picnic.

Think of all the ways you can create games to keep the kids busy. Throw balls into buckets. Frisbees through targets, putt golf balls into circles, shoot hockey pucks at targets. Does the picnic area have a basketball goal? If so, shoot hoops for prizes. Somebody have a washer game? Make up a game and buy some prizes. Horseshoes and other yard games can all be used. You can always see who can keep the Hula Hoop going longest (use different age brackets so everyone stays interested) or who can hit the paddle ball the most.

You can rent booths or make them up by using tables and/or bales of straw. Identify the game or activity with a colorful sign and then decorate with balloons, banners, crepe paper or what have you. Make it look fun. We can assist you with balloon decorations or signs if you have it in your budget.

### **GAMES YOU CAN PLAY WITH EQUIPMENT YOU PROBABLY HAVE**
