NET SUGGESTED - We suggest a net, fence, tarp, etc. be used in this game to contain game pieces so your workers don't have to chase them and the game moves faster. Our rental nets work well if you are using our tent. Plastic highway or garden fencing are good alternatives and available at home improvement stores.
BACKDROP SUGGESTED - We suggest a backdrop in many throwing games to catch and/or contain the balls, bean bags or rings. An inexpensive plastic tarp or a sheet works well hung from the back of a rental tent or from a wall.
